We will be using a point based ranking system to determine the pilots that will be in the field for the Sportsman thru Unlimited classes. In particular, you will be assigned a number of points for each contest in which you compete, based on your placement and the number of pilots competing in your class. For a given contest, you will receive 15 points for first place, 14 points for second place, and so on, down to 1 point for 15th place. Additionally, you will receive 1 point for each contestant that you beat in your class. For example, suppose you get third place in a contest with nine contestants. You will receive  $13+6 = 19$  points for that contest. The number of points from your highest three contests will be added to compute your final score. The top eight pilots in each class (sportsman, intermediate, advanced, unlimited) will be admitted to the shootout. Contest management reserves the right to admit additional pilots to any given class. Winners from the most recent Shootout are guaranteed admission.

Complete the Pilot Ranking Worksheet (Sheet 2 of this entry form) and list all scale aerobatic contests attended between Jan 1 – August 14, 2017 in the class you wish to compete.

The Entry Application, Pilot Ranking Worksheet and Entry Fee (\$350, payable to Tucson Aerobatic Shootout) must be mailed to Contest Coordinator, Michael Marcellin, and received by Tuesday, August 22nd.
